

Dear FCC:

The members of my family are regular listeners of K-LOVE on 91.1 FM heard in the Longmont area. K-LOVE has proven to be the only station I can count on to provide positive and encouraging music without having to worry about inappropriate language or themes for our children as well as myself.

I have heard numerous people call into the station and thank K-LOVE for the wholesome music and dialogue they provide to people driving to work, listening at home and working on the job. I personally listen to K-LOVE during my 6-mile runs in the mornings. It's a great boost and motivator to be the best I can be throughout the day. As well, this is the only station our teenage daughter and her friends listen to.

I write to ask that K-LOVE NOT be displaced by an LPFM broadcaster. So many of us in the area count on K-LOVE to give us the mental boost we need to make it through the day. We need a station that will provide uplifting and wholesome music on a regular basis. One that influences people to be even better people.

Thank you for your time.

Sincerely,

Kim Zimmer
